

# Water Cycle

## Words to find:

air, clouds, heavy,  
land, rain, sea, sleet,  
sun, water, wind.

Use the words you find to complete this passage:

The \_\_\_\_\_ heats the \_\_\_\_\_. Water vapour you cannot see rises into the \_\_\_\_\_. The \_\_\_\_\_ vapour changes and forms \_\_\_\_\_. The \_\_\_\_\_ blows them to \_\_\_\_\_. Water in the clouds gets \_\_\_\_\_ and falls as \_\_\_\_\_, snow or \_\_\_\_\_.
